(Applicants for entry in the fall should complete this form after November.)**

Applicant's full name _____ Applying for Grade _____ Date _____

This questionnaire is an important part of your application to the American School in London. Please describe your present courses in mathematics, science and modern language. List the topics you will have covered by the end of this school year. If you know the titles and publishers of the textbooks you are using, please mention them.

Math _____

Science (including number of laboratory periods per week) _____

Modern language (e.g., French, Spanish) _____

Which academic subjects interest you most and why? _____

Other than reading required for school, what book have you found particularly interesting or enjoyable in the past year and why did you enjoy it? _____
